

CLASSROOM SUPPORT OFFICER

INTRODUCTION

Frank Wise School caters for 120 students aged between 2 and 19 years with severe and profound and multiple learning difficulties. We serve a growing community within a mixed catchment area extending over 15 miles across much of North Oxfordshire. As an outstanding school we offer excellent facilities and teaching resources, including a hydrotherapy pool, an innovative space with a 3-wall projection system, a newly built Post-16 block, and a new all-weather pitch.

SCHOOL STRUCTURE

Currently, the school has 12 broadly chronologically-based classes, including an Assessment Nursery class and a Post-16 class. Students are grouped by age to enable every child to develop within a socially diverse Family Group in which each child is valued as a unique individual. Each class of around 9 children is led by a teacher supported by three full-time Classroom Support Officers.

THE CURRICULUM

The school enjoys an excellent reputation for curriculum innovation and was graded outstanding by Ofsted in 2015 for the third consecutive time. We are a Teaching School, one of the Lead Schools of the Oxfordshire Teaching Schools Alliance, working to support and improve pupil outcomes in schools across the county. Through whole staff involvement, we have developed an exciting and evolving curriculum framework based on clear teaching objectives achieved through skilled task analysis and differentiation. We feel this approach not only provides consistency throughout the school, but also offers scope for individual teachers to design and implement highly structured teaching programmes to meet the very specific educational needs of each child in their class. Detailed record keeping on a daily and termly basis is an integral part of our approach.

All children are given full access to a broad skills based curriculum and we believe that creative and expressive skills have an equally important place in our students' timetables. Our curriculum is exceptionally well resourced, including extensive ICT resources with iPads in every classroom and wireless connectivity across the site. We provide each teacher with their own Apple laptop.

Teachers meet after school once a week for professional discussions and then again with their class teams for the same purpose, but focussed on the needs of the children in their class. The whole staff team meet every month for Staff Meetings. The successful candidate would be expected to continue with the philosophy and developmental practice and to take a full and active part in its future enhancement.

PARTNERSHIP WITH PARENTS

We believe that close co-operation with parents and carers is an essential part of every child's education. Therefore, all staff at the school are expected to liaise and work closely with parents in a variety of ways to the benefit of the children. Parents are always welcome to assist in the planning and support of teaching programmes and to read and discuss their child's individual records. Partnership is currently achieved through the more formal systems of Annual Reviews, Parents' Termly Review Evenings and informally through home/school diaries and regular contact with class teachers and we make increasing use of technology to support communication with parents.

The Friends of Frank Wise School actively support our work by financing the costs of our three mini-buses and by underwriting the costs of staff involvement for day and residential trips. Through major fund-raising initiatives they have also provided the school with a superb hydrotherapy pool, a classroom block and music room, improved playground facilities, the complete refurbishment of our Drama Room and the recent kitting out of our post-16 block with specialist equipment, furniture and integrated technology.

INCLUSION WITH MAINSTREAM SCHOOLS

The school's policy of strong associations and links with mainstream schools manifests itself at present by all our pupils spending at least half a day per week in nine different local primary and secondary schools for joint curricular activities.

We also see inclusion as a two-way process, therefore, we augment our mainstream links by offering cross institutional curricular work based at our school. As a Teaching School we are closely involved with a wide range of partner schools, and our outreach work has historically helped to support a range of children who remain in mainstream placements, as well as providing training across many areas of SEND.

RECENT AND CONTINUING DEVELOPMENTS

As a Teaching School we are a resource for other schools and pupils with special needs in the area and contribute to national projects and discussions. This highlights exciting challenges and the need for applicants committed to an integrated approach to the education of children with learning disabilities. A variety of links and support networks are already established with most local schools. Courses and meetings are often held at the school and we have previously provided professional advice and expertise to mainstream colleagues on an outreach basis and would hope to do so again in the future. The school is proud of its high profile within the local community and beyond. Staff are committed to further developing their skills and promoting our common aims and purpose outside of the immediate school environment.

We are totally committed to extensive staff development programmes and following more than ten years of holding the Investor in People award, including the Gold Standard, we moved on to working with the Teacher Development Trust. We regard access to high quality in-service training and continuing professional development opportunities as a right for all staff. Over many years we have trained a large number of our support staff as teachers for the school under the Graduate Teacher Programme and the School Direct programme, and we are committed to an extensive induction and ongoing training programme for staff.
