

End Of Year Record of Achievements

Historically, we have provided every child with a DVD at the end of the year containing films and photos reflecting their experiences and achievements over the course of the year. However, this year we will be sending the films and photos home on a USB Pen Drive. The reason for this is that increasingly not all families have access to a DVD player, but also the technology that we have access to for burning the DVDs is significantly out of date and we are not in position financially to be able to replace it. The USB system will also mean that you can view the contents on devices of your choice.

Safeguarding Update - Lanyards

As part of our safeguarding processes, colour coded lanyards are in use so we know who has had a formal check, known as a DBS Check, and who has not. People who are not staff, but have had a DBS Check, are given a green lanyard and are able to move around the school independently. Those without a DBS Check are given a red lanyard and need to be monitored or escorted around the school. This includes accessing the toilets, which requires staff from Reception to be available, so apologies in advance if anyone without a DBS has to wait for Reception staff to guide them to the toilets or elsewhere, it is just part of us fulfilling our responsibility to keep the children safe.

Thanks To Kärcher and Prodrive

We continue to build relationships with local businesses with the aim of developing partnerships that can both support Frank Wise, help our pupils access further community based opportunities and support the school's budget. Recently Kärcher gave us a significant discount on a new pressure washer and Prodrive have agreed to join the DCS Group in placing advertising on our school buses. We really are extremely grateful to the local community, and if there are other organisations that you think we should be talking to then do please let us know.

Warm Weather

With Summer finally having decided to put in an appearance, please can we ask that suitable hats and suncream are sent in so that we can make sure that the children are well protected when outside.

People's Park Centenary

The Friends of Frank Wise will be having a stand at the People's Park Centenary celebrations on Sunday the 14th July, so please come and say hello if you are popping down.
