

Dear parents and carers,

During the Spring term the Student Council carried out a well-being survey of all the students in the school. The aim of this was to gauge how everyone was feeling, especially in light of the current pandemic, and if there was any way that the school could further support the well-being of FWVS students.

The Student Council reviewed the results and chose to share them with the school population in assembly on the 23rd April. They also wanted to share the results with families via a newsletter to support conversations at home about well-being.

Here are those results...

## WELL-BEING SURVEY RESULTS

- \* Thank you to the Student Council for putting together the questionnaire
- \* Total of 77 responses from main school, 18 responses from GC
- \* About 83% of students responded
- \* Very similar answers have been combined to make results easier to understand
- \* The bigger the symbol the more people gave that answer

## CONCLUSIONS BY STUDENT COUNCIL

## HOW WE CAN HELP EACH OTHER

The councillors made suggestions for how we can all help each other if we are feeling sad or worried...

THANK YOU EVERYONE!
