Welcome Back!

It has been wonderful to see the pupils back in school and adjusting to the return to greater levels of normality, particularly in the playground where children are able to spend time with their friends from other classes within their age group. Whilst some are still finding their feet, being supported with care and encouragement by the staff, the vast majority are enthusiastically embracing school life. This has been particularly noticeable in the Foundation Family Group, who have welcomed a number of new members of our community.

Vaccinations

You will have recently had information about the provision of both Flu, and where children are between the ages of 12 and 15, COVID-19 vaccinations. This is a service being provided by the Oxfordshire School-aged Immunisation Service. If you have any questions or queries, please direct these to immunisationteam@oxfordhealth.nhs.uk

COVID-19 update

We are continuing to see cases of COVID-19 within the school community which is creating a level of disruption to both staffing and pupil attendance. We hope that this will settle down in due course, but have been really appreciative so far of the support of the school community in both following the guidance from Government on when to get tested and following our requests in response to confirmed cases. We are trying to balance the need to maintain a level of protection around the school community and returning to as close to normality as the situation allows. We will continue to monitor our approach and, as ever, if you have any feedback please do get in touch.

Letting us and transport know if your child is off school

If for any reason your child is unable to attend school, please can we ask that school is notified by leaving a message on the school answerphone before 8:30. This will help us make decisions about staffing during our morning briefing. It would also be appreciated if you could let transport know as well.

It's Good to Grow
