Dear Families

Thursday 14th July 2022

As we are sure you are aware from the news and weather forecasts, the temperatures in the early part of next week are looking very hot.

Whilst we will be continuing to take actions, such as keeping children in the shade, using fans to help improve air flow and making drinks and ice lollies available, we are concerned that some children may find it difficult to cope in the heat from both a medical and emotional point of view.

As such, if you have any concerns regarding the temperature and how your child will cope, please feel that you can act in the best interests of your child in deciding whether or not they should be in school.

We would also ask that you make sure that someone is contactable and available all day on these particularly hot days, in case we are concerned about your child's response to the high temperatures and need you to collect them or discuss their well-being.

Kind regards

Heidi Dennison and Simon Knight
