SEND Improvement board

Following on from the failings identified by the Local Area SEND Inspection, carried out by OfSTED and CQC, there has been a range of pieces of work being carried out to try and secure the improvements that are desperately needed. As a school we have been supporting the process in order to try and ensure that the requirements of children with learning disabilities are considered within the discussions.

If you are interested in finding out a bit more about what is going on, you can read the Blog written by the Independent Chair, Steve Crocker, and following the links to the other sources of information available.
