

# Frank Wise School Newsletter

Once again the Rotary Club have supported children from the 2nd, 3rd and 4th Family Groups to visit the Cotswold Wildlife Park as part of their annual KidsOut event. As ever it was a wonderful experience for the children, who also managed to navigate the challenges of a broken down coach and still arrive back at school in time for the end of the day.

The 8th Family Group have been embracing nature in all sorts of ways this year, something which has had a significant influence on the classroom space. One of the projects has been to look at the growth of beans, which were successfully enabled to germinate, as you can see from the picture on the right.

Many thanks to everyone who donated items for the tombola, we are extremely grateful.

The Friends of Frank Wise will be present at the Town Mayor's Funday, taking place on Sunday 14th July in People's Park. Come along and say hello.

## Quick Tips for Families

[CEOP Education Facebook page](#) - CEOP Education, part of the National Crime Agency, are launching their #SaferSummerTogether campaign on the 16th of July to support families through the holidays.
